Soap-making workshops:

Craft natural soaps using Kythirian olive oil, herbs, and age-old methods passed down through families.

Ceramics workshop:

Watch artisans shape clay into everyday objects and icons, and try your hand at the wheel in a working pottery studio.

Cooking workshops & local flavors tastings:

Step into a village kitchen and prepare traditional Kythirian dishes, such as Kythirian sweets like **xerotigana** (crisp fried spirals drizzled with honey), while enjoying a glass of **fatourada**, the island's spiced liqueur - an authentic slice of Kythirian hospitality.
